

✔ U are salesperson

Optimize your results and boost your sales, with less effort.

Target and capture your Top opportunities in real-time, master competition like never before, and exceed your objectives by acting where your chances of success are maximum and most profitable.

SalesVisionary indicates the best path to efficiently and confidently reach your goals.

✔ A personal sales GPS to guide your sales

With just one click, make sure you find the shortest route to increase your sales effectively. SalesVisionary's GPS guides you to the products, customers, volumes (and many other options) that are most valuable to you.

✔ Ranking opportunities according to 8 strategic criteria in real time

The best opportunities in your customer portfolio are ranked in order of importance, at all times. Real sales opportunities that you just have to close.

✔ A Mentor module to track your performance

Boost your skills, motivation and efficiency with the Mentor module, which tracks your progress and creates personalised results levels that you can access in the short term.

✔ Export data in any form

Export each table, analysis or comparison in a single document - and with a single click. Add filters to suit your needs.

✔ In-depth analysis of active customer competition

SalesVisionary's "Competitors" scanner helps you to understand the competition and helps you to differentiate yourself from the very first contact.
